Part 4: Short Talk Questions
Listen to the following paragraphs and answer the questions.

The Internet can be a valuable source of information, but much of what's on it is completely made up. Finding the truth can be difficult. Fortunately, there's a method you can use to help. It's called the SIFT method, and the four letters stand for "Stop, Investigate, Find, and Trace." This method is easy to apply. First, take a moment to stop and think. Don't share it on social media just yet. Next, investigate the site itself. Is it a respected newspaper or just someone's personal blog? Then, try to find if other reliable sites are reporting the same information. Finally, trace any quotes or research back to their original sources to ensure they're not being misused. (11 Unit 2) #A

(C) 9. What does the SIFT method help you do? #1
(A) Share information faster.
(B) Find more websites.
(C) Decide if information is reliable.
(D) Write a fun blog post.

(D) 10. What is the first step of SIFT? #3
(A) Investigate the website.
(B) Search newspapers for similar information.
(C) Ask a friend for their opinion.
(D) Stop and think about what you are reading.

(C) 11. What is the purpose of the passage? #5
(A) To promote a new website.
(B) To list business traps on the Internet.
(C) To introduce a useful method.
(D) To show the influence of social media.
